Reference Letter Nikolay Ivanov

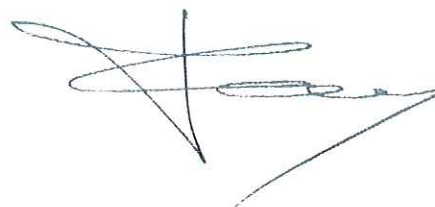

TO WHOM IT MAY CONCERN

As Resident Engineer of the Project “Waste Water Treatment Plant and Sewerage System of Montana town in Bulgaria” we put on record that Nikolay Ivanov, from the Contractor Consortium Partner Zueblin, fulfilled the duties of Deputy Site Manager for the Civil Works from start of the pre-constructions activities through to completion of the Works.

Mr Ivanov was responsible for the coordination of all activities related to compliance with the Bulgarian administrative rules and regulations, while also coordinating parts of the Civil Works on site.

We are happy to give this reference to Mr Ivanov as being impressed by the quality of his work, by his capacity of adapting and improving continuously.

Montana, September 17th 2009

T. Roman, RE
