LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN

This letter is to confirm that:

Ing. Nikolay IVANOV

has been employed by company "Ed. Züblin AG" (part of "STRABAG"), partner in Consortium "WWTP MONTANA", as Main Site Manager. He was involved in the *project "WWTP Montana" (contract based on FIDIC yellow book "design & build")* in the period between September 2007 and November 2010, up from the start of designing until the end of the Damages Notification Period (DNP), one year after Taking Over Certificate (TOC). Under my leadership as Project manager, Mr. IVANOV performed his work with diligence, willingness and quality, as follows:

- Coordination of the preliminary, technical and detail Design to issue the Building permits under Bulgarian regulations;
- Coordination of the Earth works on the Site;
- Coordination of the Civil works on the Site;
- Coordination of the Site piping works on the Site;
- Coordination of the Internal roads;
- Coordination of the Vertical planning on the Site;
- Coordination of the Landscaping works on the Site;
- Coordination of the execution of the 20kV Power supply pipeline;
- Coordination of the execution of the Main access road;
- Coordination of the execution of the Main water supply pipeline to the plant;
- Coordination of the execution of the Wastewater collectors, pipelines, manholes and overflows;
- Preparation of all documents and records of Site (Act 5, Act 6, Act 12, Act 7) to issue the Use permits under Bulgarian Regulations;
- Coordination of all activities, related to compliance with the Bulgarian administrative rules and regulation;
- Coordination of the repair works during the DNP.

According to the Bulgarian regulations, the main elements, relates to Use permits, are:

- WWTP Montana
 - FIDIC Conditions of contract (Yellow book)
 - 11,530 Mio. EURO Lump sum contract value
 - 53,39% share to "Ed. Züblin AG"
 - designed to be use by 100.000 inhabitants
 - pretreatment stage
 - micro-biological stage
 - final sedimentation tanks
 - aerobic digestion
- 20kV Electricity Supply
 - 1.100m Main power supply pipeline to the plant
- External Utilities
 - 5.200m Wastewater collectors, pipelines, manholes and 6 overflows;
 - 1.300m Main access road;
 - 1.300m Main water supply pipeline to the plant

His work is characterized with:

- Willingness;
- Diligence;
- Conscientiousness;
- Competence;
- Team player;
- Vision for the next steps;
- Independent work;
- Self-initiative.

Montana / BULGARIA
30.11.2010

Ing. Gerhard Ableitinger
Project Manager of WWTP Montana
